# #FINDYOURWAY CONCEPT

#FINDYOURWAY represents Giorgio Rocca Ski Academy's philosophy.

No matter what the clients' passion in mountain activities is, we want to help them foster it and make it stronger by offering a completely tailored service with the best professionals in the game.

You name it. We have it. And we offer it with the best instructors.

## SKI SCHOOL

Giorgio Rocca Ski Academy only selects the best instructors available. All the instructors selected are certified, meaning that they are the best in the game.

Some of the instructors are former professional skiers, freeskiers and snowboarders. All are proficient or even native in speaking Italian, English, French, German and Spanish.

The services we offer cover both private and group lessons for both adults and kids of any level of skills, both for skiing, snowboarding, cross-country and telemark.

As of group lessons, we allow up to 6 skiers per class in order to keep the quality of the service we offer up to our high standards.

We provide a full-package skiing experience, offering to our clients, thanks to our collaboration with Atomic ski, the opportunity to test a wide range of skis from the current season and next year's novelties, at no additional cost.

Moreover, starting from the beginning of the 2022-2023 season we have introduced the use of the Vox system, with radio devices used by the instructor with clients for instant feedback while skiing.

All this is enriched by our FASTLANE experience, which allows clients to skip all queues during their lesson.
